We are pioneer in the field of manufacturing Heavy Duty Taper Lock Pulley and Pilot Bore Pulley. We are also manufacturing different type of Pulleys, Coupling, Taper Lock Bush, Gear, Gear Coupling, Chain wheel, Gear Box and Waram Wheel. We are pioneer in pulley manufacturing for wide range of products, Because of good quality and performance our customers are satisfied fully.

The quality standards are maintained by quality control testing programe and continuous monitoring on activities of raw material to finished products. We are manufacturing following products.

- (1) **Pulley** :- Taper Lock Pulley and Pilot Bore Pulley,
Flat Belt Pulley, Heavy Fly Wheel etc.
V-Groove Pulley in Section A, B, C, D, E, M, Z,3V, 5V, 8V,
size up to 2000 mm PCD Diameter up to 20 Grooves
- (2) **Bush** :- Graded Taper Lock Bush, Graded Flanged Type Bush.
- (3) **Coupling** :- Gear Coupling, Pin Bush Coupling, Muff Coupling,
Type Coupling, Star Coupling, Brake Dram Coupling
- (4) **Gear** :- Different type of Gear, Gear box, Worm Wheel
- (5) **Sprockets** :- Chain Sprocket simplex, duplex, triplex conveyor, elevator
chain, slat band type P.I.V. Chains

All materials are inspected for mechanical and chemical properties by verifying their certificated as per established norms. Quality and Performance being at the first place for manufacturing we have gained a strong base of customers all over the globe. Our customers provides us with a never ending source of sales as well as ideas for innovative products.

In view of above & as a manufacturer we request you to register our firm's name on your approval suppliers list & send us your valued Inquiry/Order, to enable us to send our most competitive rates for your kind consideration .

We look Forward to receive your valued order and we assure you of our best services at all times.
